Attention: Security Officer
Chief, Special Security Branch

Alfreds Launags

1. Reference is made to your memorandum dated 17 October 1950 regarding the Subject and the background information furnished by your office, concerning him.

A check of pertinent Government agencies and the indices of CIA produced no information identifiable with the Subject.

OSO has been requested to conduct a field check on the Subject.

2. Conclusion and Recommendation: Due to limitations placed upon this office's inquiries, we were unable to develop any further information concerning the Subject since there is no indication in background information or in the results of a check of appropriate Government agencies that Subject has ever resided in this country.

However, based on the lack of any derogatory information in the files of pertinent Government agencies, coupled with the lack of derogatory information in background information furnished by your office and assuming that the results of a field check will be favorable to the Subject, this office does not wish, at this time, to interpose any objection to the proposed use of the Subject by this organization.

If the situation should be altered and information obtained from which an investigation in the United States would be productive, this office would gladly perform the same.

This memorandum pertains only to the assignment mentioned above. Should you desire to use this individual in a staff capacity or otherwise change his status at a later date, the matter should be taken up with Inspection and Security. In the latter event, it is suggested that action be taken, if possible, sufficiently in advance so that no delay is caused in the transition.

Transmitted herewith are the attachments listed below. If it should become necessary, for any reason, for the attachments to be returned it is requested that they be returned in a sealed envelope marked "Eyes Alone" to the writer.
